Filed: **August 15, 2006**

For: **Process for Producing Tetrakis (Aryl)Borate Salts**

The owner, **ALBEMARLE CORPORATION**, of 100 percent interest in the instant application hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application which would extend beyond the expiration date of the full statutory term first **prior patent** No. 6,162,950 as the term of said first **prior patent** is defined in 35 U.S.C. 154 and 173, and as the term of said first **prior patent** is presently shortened by any terminal disclaimer. The owner hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and the first **prior patent** are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, the owner does not disclaim the terminal part of the term of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 and 173 of the first **prior patent**, "as the term of said first **prior patent** is presently shortened by any terminal disclaimer," in the event that said first **prior patent** later:

- is held unenforceable;
- is found invalid by a court of competent jurisdiction;
- is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321;

The owner, **ALBEMARLE CORPORATION**, of 100 percent interest in the instant application hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application which would extend beyond the expiration date of the full statutory term second **prior patent** No. 6,169,208 as the term of said second **prior patent** is defined in 35 U.S.C. 154 and 173, and as the term of said second **prior patent** is presently shortened by any terminal disclaimer. The owner hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and the second **prior patent** are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, the owner does not disclaim the terminal part of the term of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 and 173 of the second **prior patent**, "as the term of said second **prior patent** is presently shortened by any terminal disclaimer," in the event that said second **prior patent** later:

- expires for failure to pay a maintenance fee;
- is held unenforceable;
- is found invalid by a court of competent jurisdiction;
- is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321;
